

LOWER WAPSIPINICON

RIVER CLEANUP PROJECT

2740 – 160th Ave. Calamus, IA 52729

www.lowerwapsicleanup.org

VOLUNTEER OPPORTUNITIES

River Cleanup Work is done by volunteering to canoe down the river and pick up the trash large and small, loading it into the canoes and bringing it downstream to ramps where other volunteers will be helping to empty canoes and sort trash and recyclables. Canoes, paddles, and pfd's are provided free of charge.

Prefer to keep your feet on solid ground? Or maybe you would like to paddle one day and assist us in another capacity on the other day. Here are some other opportunities for you to help:

Ramp workers are needed at Walnut Grove, Mule Creek, Syracuse, and Sherman Park on Saturday, and at Sherman Park and Allen's Grove on Sunday. Duties include:

- Help participants in and out of their canoes
- Help participants unload the garbage from their canoes
- Check people in and out when they arrive at the ramp and leave the ramp

Recycling Team Members are needed at Mule Creek, Syracuse, and Sherman Park on Saturday, and at Allen's Grove on Sunday. Duties include:

- Sorting recyclables from trash
- Working with team members who will be keeping detailed records of quantities and items of recyclables and trash removed from the river

Please contact **Jackie Gautsch** at **608-797-5343** or at **j.gautsch78@gmail.com** if you are interested in these opportunities! Thank you!
